Hanif Nahriya Nugraha

UI/UX Designer & Front-end Developer

Phone: +62 823-1667-6968 | Email: hanifnnugraha@gmail.com
LinkedIn: linkedin.com/in/hanifnugraha | Location: Bandung, West Java, Indonesia

SUMMARY

- UI/UX Designer and Front-end Developer and Information Systems graduate (ITENAS) with 4+ years of freelance work and designs delivered for more than a dozen client brands.
- Takes products from UX research, wireframes and Figma prototypes to responsive front ends in HTML, CSS, JavaScript, React, Next.js, WordPress and Laravel.
- First author of a peer-reviewed UX research paper on social commerce (survey of 193 users, PLS-SEM); luxury hospitality background (The Ritz-Carlton) that built strong customer empathy.

SKILLS

UI/UX Design: User Interface Design, User Experience Design, UX Research (quantitative & qualitative), User Interviews, Survey Design, User-Centered Design (UCD), User Personas, User Journey Mapping, Competitor Analysis, Branding & Visual Identity, Landing Pages, Wireframing, Prototyping, Interaction Design, User Testing, Usability Testing (UEQ), Design Thinking, Responsive Design, Design Systems

Front-end Development: HTML5, CSS3, JavaScript, React, Next.js, WordPress, Shopify, Laravel, Responsive Web Design, SEO, E-Commerce

Tools: Figma, Git, GitHub, Visual Studio Code

Product & Delivery: Requirements Gathering, System Analysis (Use Case, ERD, Activity Diagrams), Black Box Testing, Statistical Analysis (SmartPLS, PLS-SEM), Project Management, Stakeholder Communication, Team Leadership, Agile & Scrum

Languages: Indonesian (native), English (professional; ITENAS English Proficiency Test score 753, 2026)

EXPERIENCE

UI Designer & Front-end Developer | Digitalkultr (Self-employed)

May 2022 - Present | Bandung, Hybrid

- Design websites and brand identities for clients in architecture and food & beverage, taking each project from requirements gathering through wireframes to high-fidelity Figma prototypes.
- Faza Architect: designed the UI for an architecture studio's portfolio website to mirror the studio's own design language, including a filterable and sortable project gallery, project detail pages and an About page.
- Bellrock Artisan Coffee: designed the landing pages, online storefront and brand identity that took a formerly offline specialty coffee brand online.
- Manage client projects end to end: scope, timelines, design presentations and feedback rounds.

UI/UX Designer & Front-end Developer Intern | WaitWhatWeb

Jul 2024 - Sep 2024 | PT Stellar Kreavi Digital, Bandung, On-site

- Designed UI/UX for 10 client brands, mostly e-commerce in fashion, beauty and food: Me+Lia, Brasov, MyRubylicious, Wingman Denim, Junkard Co, Nokha, Supergrain, Tragen, Trackerindo and Cartenz Tactical.
- Redesigned Me+Lia, a Melbourne sustainable loungewear store, using user-centered design (UCD): ran client interviews, built 2 user personas, a user journey map, a competitor and SWOT analysis and 4 user flows from browsing to checkout.
- Created Me+Lia brand guidelines plus low- and high-fidelity Figma prototypes for mobile, tablet and desktop, then ran user testing with a User Experience Questionnaire (UEQ) and 30+ respondents to set priorities for the next design round.
- Delivered a new beauty e-commerce design (Brasov), a landing page (Supergrain), a rebrand (Junkard Co), redesigns for 3 clients and homepage refreshes for 3 more; built front-end pages in WordPress, Laravel, React and Shopify.

Server | The Union Group (Roma Osteria & Bar, Bistecca)

Jan 2020 - Jan 2021 | Jakarta

- Served guests in busy fine-dining Italian restaurants, handling wine sales and food pairing; used the Raptor POS system and supported the bar.

Buffet Waiter (Internship) | The Ritz-Carlton Jakarta, Mega Kuningan
Jan 2019 - Jul 2019 | Jakarta

- Supported banquet and buffet service at a luxury hotel, keeping to brand service standards under pressure; used the MICROS POS system.

PROJECTS

UX Researcher | TikTok Shop Emotional Design Study
Sep 2026 | ITENAS, co-authored with Sofia Umaroh

- Designed and ran a mixed-methods UX study of TikTok Shop, Indonesia's leading social commerce app: a survey of 193 active users (13 UX-Tips dimensions, 29 items), then 5 in-depth user interviews.
- Validated the measurement model with PLS-SEM in SmartPLS 4 (outer loadings 0.731 to 0.919, AVE 0.645 to 0.835) and compared pragmatic and hedonic UX with a Wilcoxon signed-rank test ($p = 0.034$).
- Mapped user emotion across 5 shopping touchpoints with the Self-Assessment Manikin and coded interviews with the Framework Method.
- Found the emotional peak at order status and traced negative experiences to aesthetics and physical characteristics, which became concrete design recommendations; the paper was accepted by JISICS.

Front-end Developer | Dutra Parahyangan Warehouse
Jun 2025 | Capstone project with PT Digital Kultur Indonesia (ITENAS), team of 4

- Built the front end of a web-based warehouse management system covering goods receiving, dispatch, inter-branch requests, returns and real-time stock monitoring.
- Implemented 27 screens across 12 modules (dashboard, stock management, delivery orders, work orders, purchase requests, stock cards and more) in Next.js, plus PDF document export and role-based access control.
- Turned Figma designs into a responsive UI and worked from use case, ERD and activity diagrams in a cross-functional team (UI/UX designer, back-end developer, system analyst), using Git and GitHub for version control.
- System passed all 33 black-box test scenarios, covering valid and invalid inputs across every module.

Web Designer & Developer (Freelance) | CV Siliwangi Nusantara Telecom
Apr 2025 | Company profile website, Bandung

- Designed and built a company profile website for a telecom engineering contractor under a signed agreement, turning a 15-page printed profile into web pages in 8 days, with progress updates and post-launch support.

PUBLICATIONS

- **Nugraha, H. N.**, & Umaroh, S. (2026). Users Judge Them Equal, but Loyalty Follows Emotion: A UX-Tips Instrument Validation and Pragmatic-Hedonic Comparison in Indonesia's Leading Social Commerce Application. *Journal of Information Systems, Informatics, and Computer Sciences (JISICS)*, 1(4). Accepted Sep 2026.
